XBOX

1. Go to 'My games and apps'

2. Find 'Microsoft Edge' and select

3. Visit the website

You can use the controller to type and select, and can even plug in a USB keyboard!

PLAYSTATION 4

1. Go to 'Library'

2. Select 'All'

3. Select 'Internet Browser'

4. Visit the website

You can use your controller to type and select!

If you can't find the internet browser in these ways, please use the search function to search for the browser.

Once in the browser you will need to go to the SeeSaw login page:

https://app.seesaw.me/

You will then need to login using I'm a Student and login using the pupil text code that was on the login letter near the QR code.

Seesaw

I'm a Teacher

I'm a Student

I'm a Family Member

TEXT CODE   Go

Scan Code

You should then be able to view the work that has been set for you.

You MAY be able to do some of the work through the Xbox/ PS4, however if you can't, we suggest you watch the video or read through the work and then answer the questions in a book or on a piece of paper. Then if you have access to a device with a camera, you can take a photo of your work and upload it to Seesaw. This works particularly well if you are sharing devices at home or only have mobile phones because work is more easily seen on a bigger screen and all of the uploading can be done in one go.

If you have a USB keyboard at home you can plug this into the USB port on either of these devices and it should then allow you to type on the device.

Please ensure that your device (Xbox/PS4) is up to date as this will give it the best chance of working with the Seesaw website.

Please be aware the PS5 does not work at the minute.

If you need any further help, please email your year group email and someone will be in touch.
