

Topic- History!

This week we want you to become Historians! Your project is to go on a hunt around your house and find the oldest object and the newest object! I wonder what you will find?

Your first activity is speak to your grown up and ask them to help you go on a hunt around the house or garden to find different objects. When did you buy them? Do they have a meaning? How old are they? How new are they?

Your next activity is to make a list of everything you have found. With a grown up think about, out of all the objects you have found, which is the oldest? How do you know? Which is the newest? How do you know?

Do they look different? Why?

To record your findings you could make a fact file on the oldest and newest object you found. You could draw a picture of each object and write a sentence or you could record a video of you talking about these objects.

Don't forget to email us your work! We can't wait to see what you find around your house!
