

Counting in 5's

Today we are learning how to count in 5's. You might want to start off with a recap using a youtube video with a counting in 5's song!

Can you count in 5's all the way up to 50? Can you write those numbers down?

Do you see any patterns when you count in 5's? Are the numbers odd or even?

Today's activity is looking for places you can spot something that counts in 5's around your house. Have a look at clocks, measuring jugs and anything else you think might use counting in 5's! Can you think of anything different that we could count in 5's? We can't wait to see what you come up with!

WALT: We are learning to count in 5's.

	85	90		100	105	Gorffen Finish
75	Counting in 5's					
70	65		55	50	45	
How To Play: Take it in turns to roll the dice and move the number of spaces. If you land on an empty space, you have to say the missing number. If you answer is incorrectly, move back one space.						35
Dechrau Start	5	10		20	25
