

Mathematics!

Today I want you to solve these subtraction word problems. Remember, when we subtract the number gets smaller!

Remember to use number lines or objects to help you work these word problems out!

1. I had 10 apples but I ate 3. How many apples did I have left?
2. Bob had 6 boats. 4 of them sunk. How many boats were left?
3. Tara had 12 ice creams. She ate 10 of them. How many ice creams did she have left?
4. Jake bought 6 pies. He gave his friend 2 of them. How many pies did Jake have left?
5. Ellie had a bowl of 20 sweets. She gave 5 to one friend. She then gave 5 to another friend. How many did she have left?
