

English week 12

Transition Superhero!

This week in English we are going to be thinking all about next year. You are very nearly year 2's - how exciting!!!

Today you will become a transition superhero!

To do this we need to answer some questions. Write the answers to these questions in your home learning books to learn all about yourself as a transition superhero.

1. What are your superhero powers?

- Your powers are the subjects/lessons/activities that you are really good at - you all have loads of amazing powers so have a think.

2. What are your superhero weaknesses?

- The things you would like to get better at - we can all learn and improve so these may not be weaknesses for very long once you are a super year 2!

3. How will you change the world?

- Your hopes and dreams for the future - it could be: what you will be when you have an adult job? Or what are you hoping next year will be like?

Once you have answered these questions why not have a go at drawing yourself as a transition hero. What images or symbols could you use on your outfit or shield to show the world who you are? Your strengths, talents and interests? - don't forget to label it!
