

# Handwriting

## Week 12

For this weeks handwriting activity we will be looking at writing some caption using phase 5 sounds. Remember we are always looking for your neatest pre-cursive handwriting. Whoosh in and whoosh out. It can be really tricky so try your best!

We want you to read these 5 captions, draw a picture for each one and then neatly write the caption next to the related image.

Example-

The crayons looked very new.

1. Whitney saw a blue bird.
2. The Monkey threw a white tube.
3. People came down the mountain.
4. These clouds seem like puffs of smoke.
5. Pete shouted at the boy.
