

# History Lessons

## Week 3

This PowerPoint will take you through different women who have changed the world. Each day will have a focus on a different woman and an activity for the children to complete.

# Monday

L.O: To understand who Amelia Earhart is and what she was famous for.

# So, who is Amelia Earhart?

Amelia Earhart was a famous pilot. She was the first woman to fly solo across the Atlantic Ocean.

# So, who is Amelia Earhart?

A pilot is  
someone  
who flies  
an  
airplane.

Solo means  
on your own!  
Would you  
dare fly a  
plane all on  
your own?

# What happened to Amelia?

Amelia Earhart decided to fly on her own across the Pacific Ocean years later. Her plane vanished and she was never found!

# Let's have a look at Amelia's plane...

What do  
you notice  
about these  
planes?

Do these  
look like  
planes we  
use now?

# Let's have a look at Amelia's plane...

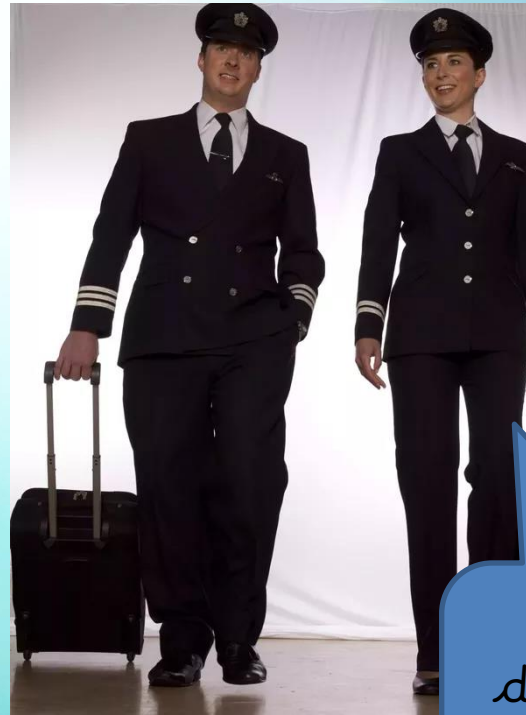

There are many differences between planes then and now. The wings on these planes are on top of the plane. There is a propeller at the front of the plane. Also, when Amelia flew planes there was no cover for her so the wind was in her face!

# Let's have a look at Amelia's clothes compared to pilots now...

*Do they  
look the  
same?*

*What  
differences  
can you  
notice?*

# Let's have a look at Amelia's clothes compared to pilots now...

Amelia had to wear goggles when flying to protect her eyes from the wind. The clothing has also changed as pilots now are a professional job, therefore they need to dress smart!

# Now it's your turn!

Can you make your own airplane using any materials you want?  
Then, I want you to write down a list of all the places you would want to visit!

# Tuesday

L.O: To understand who Mary Seacole is and what she was famous for.

# So, who is Mary Seacole?

Mary Seacole was a famous nurse during the Crimean war.

# So, who is Mary Seacole?

Mary Seacole was not allowed to be a nurse to begin with because of the colour of her skin.

Do you think this is fair?

# So, who is Mary Seacole?

Mary didn't let this stop her. She built her own hospital and helped all of the injured soldiers!

How do you think Mary felt?

# So, what happened to Mary?

When Mary finished working, she didn't have a lot of money as she spent it all building her hospital. The soldiers she looked after all donated their money to her so that she could live a safe and happy life.

# Now, it's your turn!

Can you write a paragraph about Mary Seacole?

We want you to include:

- Who she was
- What she was famous for
- What happened in her life

# Wednesday

L.O: To understand who Marie Curie is and what she was famous for.

# So, who was Marie Curie?

Marie Curie was a famous scientist who developed radioactivity. She discovered radium and polonium which are both radioactive! Watch the video below to find out more...

<https://www.youtube.com/watch?v=sP2dIRz6Qog>

# So, who was Marie Curie?

Marie Curie was the first ever woman to win a Nobel Prize!

She was the first person to ever win two Nobel Prizes!

How do you think Marie Curie felt after winning two Nobel Prizes?

# Now, you are going to become scientists!

*Can you make your own scientific potion?  
You then need to write down what your potion will be used for...*

# Thursday

L.O: To understand who Anne Frank is and what she was famous for.

## So, who is Anne Frank?

Anne Frank was famous for writing a diary about her life during World War 2.

# So, who is Anne Frank?

Here is a video which will  
tell you a little bit about  
Anne Frank!

<https://www.youtube.com/watch?v=lQ85nd-VWxE>

# So, who is Anne Frank?

During World War 2 in Germany, there were lots of unkind people who didn't like people who were Jewish - like Anne's family. Anne and her family moved to the Netherlands to escape these people, but unfortunately these unkind people took over the Netherlands too! Anne had to wear a yellow star so that people knew she was Jewish.

Do you think is fair?  
Why/why not?

# So, who is Anne Frank?

These people got meaner and meaner and started arresting people and taking them to a place like prison. Anne and her family had to hide! They hid in an attic and the entrance was covered by a bookshelf.

How do you think Anne would be feeling?

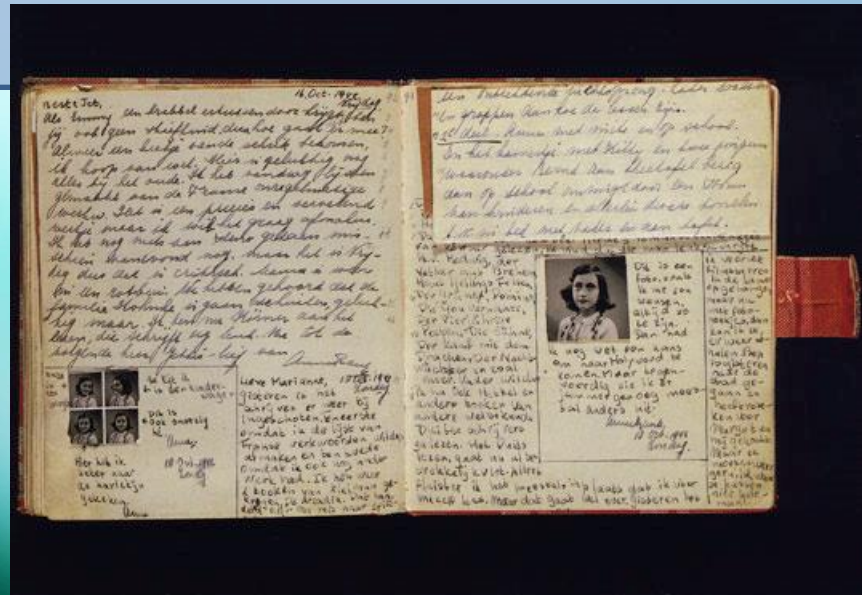

# So, who is Anne Frank?

Luckily, Anne had her diary and she wrote in it every day explaining what happened to her and her family. Anne dreamt that one day she could be a writer!

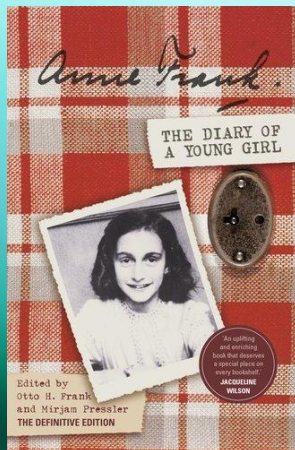

# So, who is Anne Frank?

Sadly, someone betrayed Anne Frank and her and her family were found. The unkind people took them away. Anne didn't survive and she died in 1945. Her diary was found and published into a book, so she got to achieve her dream of being a writer!

**Now, I want you to  
become a diary  
writer!**

*Can you write a diary of  
what you have done today?*

*Remember to use:*

- First person (I)*
- Past tense words*
  - Dear Diary*
