

English - Day Two

This week in English, our focus is going to be on writing your own character description of someone in your family.

Yesterday, you read a character description and found the adjectives. Today, your challenge is to read the adjectives I have written below. These adjectives are not very interesting or ambitious, therefore your task is to become teachers for the day and think of better adjectives for us to use!

We want you to write down your new and improved adjectives in your books and send us them on our Year 1 email so we can use them in our future lessons!

big	sad	good
small		scared
nice	happy	bad
