

This week we are going to be writing a postcard to your teacher- what is a postcard? It is a card that sends a friendly message, often with a picture of somewhere you have been. To write a postcard you need to tell the person what has happened (past tense). For example you may be telling your teacher about the games you have been playing or an amazing film you watched last week.

On one side there will be a picture and on the other your message. Here's ours for you.... 😊

Dear student,

We miss you!

At school this week we have played on the trim trail and painted some pictures. The teachers did a funny dance and we all learnt a song.

We hope you are having fun too?

Love from,

Your teachers

Activity 1- Look at these postcard images and write what funny things you imagine would be happening.
