

Activity 2- draw the image for your postcard

It can be a picture of somewhere you have visited, it could be your house. Maybe you could draw the new game you've been playing or a picture of yourself.

Next to your picture or on a separate page make some notes about what you want to tell your teacher. Think of something funny that you can tell them about.

Examples- You found a frog and it jumped on you. You did a crazy dance and it made you dizzy so you fell over. Your brother told a really funny joke. It could be anything!

What notes could you make

What is your postcard about? -

Went to the farm

What did you do? - Bought potatoes and eggs.

Extra information- your senses

It smelt.....

I saw.....

It was....

Here's a funny example of a finished postcard.

Dear Miss Venning,

I am really missing school and all of the fun we have. You won't guess what happened!

I found a frog in my garden and it jumped on my head. I screamed really loud and my sister had to get it off. I think it was comfortable sitting in my hair. It felt all cold and slimy and I laughed a lot!

Hope to see you soon

Love from (Imaginary student) xx
