

Topic - w/b 18.05.20

For our last week on our 'Habitats' topic, we would like you to design your perfect habitat!

Think about these questions:

Where would it be? (field/ seaside/ forest)

What might it be made of? (wood/ metal/ glass)

What could you have inside it to keep you entertained? (music/games/crafts)

Might it have some special features? (a slide to get down from your bed? A roof covered in flowers?)

Use your imagination and draw or create a model of your habitat. Think about what makes it suited to you. What do you like doing?

Can you label your design and describe it?

Have fun and be creative!
