

Year 3 Home learning pack

1.6.2020

The majority of Year 3 work will be posted on Seesaw.

However, on the website and in this home learning pack you will find:

- An assertive mentoring test
- Spellings lists and activities
- A grammar hammer
-

Other learning activities:

Check out Seesaw! There's plenty of activities on there for you to choose from—don't feel that you have to do them all.

Read a book with your child. Take at least 15 minutes per day to do this. You can ask questions, act out scenes from the book or imagine what could be happening in a character's head.

Do some exercise. Get Joe Wicks on, go for a walk, go on a bike ride or work out in the garden. Do whatever feels good for you!

Learn 'life skills'. Practise cooking, tidy the house, change a bed, learn about money, have a go at writing emails etc.

Write a letter. Writing a letter to a family member, friend or even the teacher at school is a great way to get writing into the daily routine. To save on stamps and to get a walk in, you could post the letter by hand.

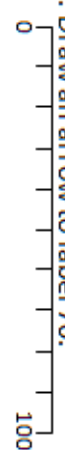

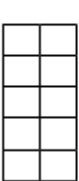

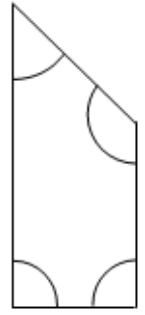

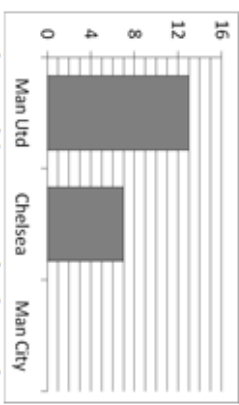

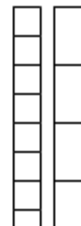

Check through work together. This is a particularly good activity with grammar hammer and assertive mentoring as you can talk about and learn from the mistakes to get them right next time! Email ARHYear3@aldermanrichardhallam.leicester.sch.uk if you'd like any help.

Don't forget wellbeing. The most important thing to us as a school is that you're safe and happy at home. Make time to do the things that you enjoy: watch a film, play a game, dance around the house, paint, eat nice food... whatever it is that makes you smile!

The Chocolate Factory

"How lucky are we?" asked Tom as he and Leah entered the chocolate factory. "I know!" replied Leah. "I can't wait to get to the tasting part!"

Tom and Leah had won a prize in their school fair raffle, which was to visit the local chocolate factory. After putting on hairnets, to keep the chocolate hygienic, they were shown how the chocolate starts as cacao beans. The beans were roasted in ovens to bring out the flavour and the colour. Then the beans were processed to remove the shell and make the cocoa powder and the cocoa butter.

Leah and Tom watched in amazement as these were mixed together with the sugar, vanilla and milk. The melted chocolate was then put into moulds, to solidify into bars and chocolates. Then the tasting began. "Hmm, delicious!" said Leah happily. "Definitely worth the wait!"
